■ APPEARANCE

- <Note on the audible range and battery life>
 1. The indications of the audible range and battery life are based on the JEITA Standard*.
 - 2. Audible Range presumes that the megaphone employs new batteries and is used on a quiet street.

 It varies depending on such conditions as battery consumption, ambient noise, wind direction and obstacles.
 - 3. Battery Life assumes that megaphone is used for 30 minutes a day.
