

### Model : H-8700T

#### Features

- ▶ adopt impedance balancing branch connector (4 inputs, 1 output)
- ▶ Low insertion loss computation
- ▶ Perfect plating surface treatment with excellent shielded function
- ▶ Input/Output Impedance 50  $\Omega$
- ▶ Terminal type BNC
- ▶ N.W 670g

### Model : H-8700RT

#### Features

- ▶ IR infrared module for H-8700C and H-8700D
- ▶ Wide-angle, receiving range is approximately 150 degrees
- ▶ Receiving sensitivity : -85dBm
- ▶ Signal gain more than 40 dBm
- ▶ Adopt low consumption electro circuit
- ▶ Wall/ceiling installation option.
- ▶ Output Impedance 50  $\Omega$
- ▶ Terminal type BNC

### Model : H-8700CG

#### Features

- ▶ Usage for H-8700C and H-8700D
- ▶ Charges 16 pieces of Lithium-ion battery per charging
- ▶ Intelligent charging management electro circuit to protect the Lithium-ion battery.
- ▶ Equipped with extendible handle and pulley, easy for moving
- ▶ Charging time 8 hours.
