All sectors

## **DESCRIPTION**

Pair of Bluetooth® ceiling speakers. Ideal sound kit for offices and home, in medium sized rooms, kitchens, etc., consisting of active speaker and passive speaker, with coaxial speakers with 6" wooofer and 1" tweeter.Enjoy high quality and powerful sound without distortion. It has several audio sources, Bluetooth receiver, USB player and auxiliary input, expanding its possibilities and allowing you to enjoy your music. You can receive music from your smartphone via Bluetooth. You can also play music from a USB or any other device with line level output connected to the auxiliary input.It allows you to limit the maximum volume to 50%, to ensure that there is no disturbance. In addition, it has a mono/stereo selector for different listening configurations. It allows to select 5 equalisations with the remote control to adapt the listening to the tastes of the listeners. Its frameless round aluminium grille speakers allow for easy integration into any space.It can be controlled by smartphone in Bluetooth mode or via the included remote control.Ideal for small sound systems in waiting rooms, small shops, offices, homes, etc.
